This was the decision of the Public Utilities Committee at its hearing last Wednesday on the bill asking for permission to discontinue the operation of the Norway and Paris Street Railway.

Norway Clerks' Big Annual Event

The twenty-fifth annual ball given by the Norway Clerks' Association will go down in local history as the biggest and best social gathering arranged by this organization. The music by Chandler's military band orchestra, 15 pieces, of Portland; the beautiful patriotic decorations and every detail worked out carefully by efficient committees, made this event most successful and one long to be remembered.

Charles S. Akers, a past master with decorations, brought together one of the best displays ever seen in the Opera House. The whole front of the balcony was gorgeous in the National colors. At the upper edge was festooning in red, white and blue crepe paper caught with shields over each light. At the lower edge was the latest three designs in bandings, the first, the shield and Eagle; the second, the soldiers and sailor in arms; and the third, Uncle Sam and the returning army with shouts and waving of flags, this design having been produced since the signing of the armistice.

Over the stage was draped bunting caught with a shield in the center. At each side were panels and throughout the stage were drapings and panels of bunting and crepe paper, with innumerable fans. In the front center, on a standard, decorated was a large American Eagle with outspread wings. Festoons were carried from this to each side.

The costumes for the evening were among the nicest worn at any local ball and the bright colors intermingling with the darker shades, made a very pretty scene.

The dance orders were in keeping with the patriotic color scheme. The orders were in booklet form, fastened with red, white or blue silk cords and pencils. The order bore the stars and stripes, the Eagle and the liberty bell.

After a short concert program the grand march commenced at 9.45 with ninety-two couples in line, led by floor manager, C. S. Akers, and daughter Ruth Akers. The aids with partners followed and were Edward L. Burnell, Lester V. Ashton, Raymond Eastman, Philip Bradeen, H. Douglass Farrar, Leon Newcomb and Homer Luck. More than 150 couples joined in the order of dances which included eighteen numbers.

John H Haselton of Portland, formerly of Norway, veteran dancing master and a prominent figure at every Clerks' Ball since the beginning, was prompter and kept the large crowd moving in time to the snappy music.

Refreshments were served at intermission by the local Red Cross with Mrs. Percy H. Neyers in charge, assisted by Stella Prince, Helen Holmes, Mrs. Gertrude Hosmer, Mrs. Edith Rich, Mrs. Georgia Swain. Members of the Minnehaha Camp Fire group acted as waitresses.

Syrian and Armenian Fund

Dr. A. S. Bisbee of Portland spoke at the four churches Sunday in the interest of the Syrian and Armenian Relief drive which will be canvassed for in Norway next week.

He gave a very interesting talk and explained the urgent need of each community raising its alloted amount to complete the $30,000,000 needed in the work. In speaking of the Syrians and Armenians he traced their ancestry from the Hittites and told of the endeavors to have them exterminated and showed how they had aided the allied nations in upholding the allied principles to the loss of their land and life and this drive is for funds to relieve their suffering brought about by the war.

The village will be divided among the canvassers who will call next week for contributions from everyone.

Posters have been displayed announcing the drive. One poster in particular is of special local interest as it is the work of the artist, Douglas Volk of New York, who has a summer home at Lovell and is a frequent summer visitor in Norway. It portrays the Goddess of Liberty with drawn sword defending a child around whom Old Glory is entwined. In the background at one side is a shield bearing the flags of the allied nations.

Norway's allotment in this work is approximately $600.

Henry Kilgore, aged 88 years, one of Norway's oldest citizens, hanged himself in the stable Tuesday afternoon while his daughter, Mrs. Elizabeth Boynton, with whom he lived, was away from home for a short time on an errand. Ill health is given as the cause prompting the deed.

"Uncle" Henry as he was familiarly known, was a native of Waterford, born on January 6,1831, the son of Gabriel and Susan (Hamlin) Kilgore. He has resided in Norway more than fifty years and drove C. B. Cummings & Sons grain team for more than twenty years. The deceased has been remarkably smart for his advanced age. Since retiring from active work he labored every summer in his vegetable garden which was his pride.

He was a life long republican and never failed to occupy a conspicuous place on the platform whenever the party speakers appeared before local audiences. Mrs. Kilgore passed away some years ago.

He is survived by a brother, Emerson Kilgore, the oldest man in town, one daughter and a grandson.

The Last Lyceum Entertainment

The fifth and last in the Lyceum Course will be given Mar. 12th, when the "Pierces" head liners in the Dramatic Art, will give their artistic performance. They very successfully blend humor and pathos and delve into the realms of wit, comedy and tragedy. Many hold to the idea that wit and humor are synonymous terms, but in fact they are terms of almost opposite meaning, humor being the truth while wit is the exaggeration of the truth. The Pierces will explain and illustrate the difference.

Their performance, while it constantly entertains, is uplifting and educational. Their repertoire contains many of their adaptations from scenes taken from the strongest plays, and no one in our vicinity can well afford to miss this last and almost best entertainment of the winter course. Let's all turn out and fill the Opera House to overflowing.

Results That Remain

Are Appreciated by Norway People.

Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one kidney medicine that has earned a reputation for lasting results and there is plenty of proof of its merit right here in Norway.

Here is the testimony of one who used Doan's Kidney Pills years ago and now makes his testimony even stronger.

M. M. Kilgore, Danforth St., Norway, says: "I had backache and rheumatic pains for more than a year, caused by disordered kidneys. My kidneys acted irregularly and I was so lame and sore across the small of my back I could hardly stand. At night I rested but little and was feeling miserable most of the time. I finally got Doan's Kidney Pills at F. P. Stone's Drug Store and a few boxes cured me." (Statement given July 24, 1908).

PERMANENT RESULTS

On June 7, 1916, Mr. Kilgore said: "I gladly recommend Doan's Kidney Pills again as I am still a firm believer in them. The cure Doan's gave me has proven permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kilgore had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y. 29-30

This Corn Will Peel Right Off!
"Gets-It" Makes Corns Come Off The "Banana-Peel" Way!
Why have to flop on the floor, squeeze yourself up like the letter "Z", and with bulging eyes draw your face up into a wrinkly knot while you gouge and pull at the "quick" of a tender corn? That's

2 or 3 Drops Applied in a Few Seconds—There's No Fussing or Cutting. "Gets-It" Always Works!

the old, savage way. "Gets-It" is the modern, painless, simple way. Lean over and put two drops of "Gets-It" on the corn, put your stocking and shoe right on again, and forget the corn. Pain is eased. "Gets-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop limping on the side of your shoe, and do away with greasy salves, bundling bandages, thick plasters and painful methods. Use "Gets-It", it's common sense.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drugists, 75c.

SOUTH WATERFORD

Granville Fernald writes: "Two friends in Otisfield, viz:. Mrs. Winfield Read and Doris Hamlin have sent me a postcard with a photo view taken from the Bell hill church, southward, showing that portion of the old County road distinctly, as far as the top of Sawyer's Hill and the dwelling houses and farm lands included in the view mentioned, and distant view of Pleasant Pond and South Otisfield and Mayberry Hill, Casco."

"O, how lovely! I have known this part of Otisfield familiarly for more than 85 years and remember the families who lived in the section shown in the picture in my early boyhood, viz., in the house in foreground, Caleb Huntress, whose wife was a daughter of Major Jonathan Moors the first owner of that farm and house as long as he lived and where his large family of sons and daughters was raised.

"Grandma Moors, widow of Major Moors lived in the Huntress family at the Bell hill residence until he moved to the Gore, I think.

"Further south is the Levi Patch family home. Mr. Patch was eldest son of Benjamin Patch, whose wife was a daughter of George Pierce, first settler of the town in 1775. A brief sketch of some of the first settlers of Otisfield is in the Centennial History of Harrison, a copy of which is in public library at Spear's Corner.

"Other well remembered family homesteads shown in the card picture are Samuel Patch, Thomas Shedd, Chambers, Tarbell's, Patch, Eben Sawyer and Jerry Sawyer and partial views of the old Thomas Hancock farm and vicinity. The view of Hancockville and residence of Gilman Nutting and Albert Nutting are hidden by the Sawyer Hill. If I live until summer, I hope to take an auto trip or two over some of the old town roads. My first term of school was taught by Sally Knight in the old first schoolhouse in town on the Hill near the residence of the late S. L. Knight in the summer of 1832. I was 4 years old."

A very pleasant time was enjoyed at the all day meeting of the Grange, Saturday. About 50 members of the Norway Grange came as guests. The 3rd and 4th degrees were conferred upon five candidates in the forenoon. The program in the afternoon consisted of music and readings and all listened to a very instructive address by C. W. White of Augusta. He is the Chief of the Seed Bureau of Portland and he explained what was good seed and why good selected seed should be sown to produce the best results. Questions were asked, which he answered.

Pomona Grange meets here next week, Tuesday.

West Paris Grange has accepted an invitation to visit Bryant's Pond March 15. An invitation to South Paris was received for the same date, which they could not accept, not being able to go to both places in the same day. The choice for Bryant's Pond was made because the invitation from them had come twice before and accepted but on account of the "flu" and other sicknesses had to be postponed.

A surprise wedding shower was given to Mr. and Mrs. Elwood Pierce at their home, Friday evening. Nearly twenty young people went in a body and took them wholly by surprise. Each carried a gift, which included both useful and pretty things for kitchen and dining room. Games were played and refreshments of fancy crackers and cocoa were served.

Dexter Gray has moved his family into Mrs. Eveline Bicknell's house to be better able to care for Mrs. Gray's mother, who is feeble.

Dr. W. E. Webber of Lewiston was in town last week to operate on Reginald Ross at North Paris. They found considerable pus on the lungs as a result of the "flu." Dr. Webber also called on Elmer Hammon and advised him to go to Lewiston C. M. G. hospital and have his side operated on again, which he did the next day, accompanied by Mrs. Hammon.

Keith Fields, who has been in the U. S. Navy, has received his discharge and returned home last week. After spending a few days here he went to Bath to work where his mother is keeping house for her brother. Keith crossed the Atlantic eleven times.

Rupert Berry of the U. S. Navy has received his discharge and returned home.

Eben T. Pike went to Farmington last week, and when he returned, he brought his wife with him. Eben is the son of E. H. Pike of this village, recently discharged from the U. S. army at Camp Devens, and his wife is Alice Berry, daughter of Edwin R. Berry of Stark, who moved there from here a year or more ago, where he purchased a farm. Mrs. Pike was a graduate of Hebron Academy, 1915. They were married on St. Valentine's day, Feb. 14, in Farmington. WATERFORD

An all day Red Cross meeting at the library on Wednesday last with picnic dinner. A good attendance and a large amount of work accomplished.

The F. B. R. Club met with Mrs. W. W. Fillebrown on Thursday. Three visitors were present. A bountiful dinner was served at 12:30, followed by an afternoon of sewing.

Mrs. Carroll Sanborn entertained the Pollyanna Club on Friday evening. Although the night was stormy, it did not prevent the girls from going. It takes more than a storm to keep the Pollyannas at home. Wild strawberries which were especially gathered for the Pollyannas last summer, were made into the most delicious ice cream. All enjoyed a very pleasant evening.

The many friends of Chas. Smith, son of Mr. and Mrs. Horace G. Smith, were very glad to welcome him home Saturday noon. He has the honor of being one of the first to enlist from Waterford, and has been in France the past year. He has made a record of which he always will have reason to be proud.

The annual town meeting will be held Monday, March 3d. The warrant contains the usual articles with one exception, of any interest, which relates to the election of selectmen for the three year terms.

Another of our "soldier boys," James G. Morse, who is convalescing from pneumonia, is expected home soon.

Miss Fuller spent the week end at her home in Oxford. Owing to the bad storm she did not reach here in season for school on Monday.

Geneva Allen of Gorham is the guest at Mr. and Mrs. H. C. Smith's.

Mr. and Mrs. F. H. Morse were dinner guests at Miss Wilkins', on Thursday.

There was a republican caucus Saturday evening, Feb. 22d, and the following were nominated for the next annual town meeting: W. W. Fillebrown for moderator, Addison Millett for 1st selectman, Eugene Pinkham for 2nd selectman, Chas. Saunders for 3rd selectman, W. W. Fillebrown for Town Treasurer, E. L. Stone for member School Committee.

We Can Not Fully Explain Our Low Prices

When you go looking around this season for Men's furnishings and are asked to pay exorbitant prices for merchandise that you can duplicate if not surpass, at this store for less, it does something more than our well known merchandising enemies to explain such remarkable price variations. We can only say two things are responsible.

FIRST—The suits that we are now selling (Kuppenheimer Suits) are made from woolens that were bought from twelve to twenty-four months before prices had advanced to anywhere near the present levels. No other concern that we know of made any such early or extensive preparations in these days of scarcity and high prices.

SECOND—We have resolved not to take the financial advantage of the high market, but will sell our merchandise (some unobtainable elsewhere at any price) on our regular margin of profit.

We do not have to pay the high rent like the city store.

STOP WEAR AND TEAR

Home laundering methods have made but little progress since the savage method of pounding clothes with stones to clean them. It has been scientifically proven that the methods of home washing cause far greater wear and tear than the scientific methods of modern power laundry.

Professional laundering has made wonderful strides in every branch of work. First, consider the washing: Broadly speaking, the modern laundry washes by filtering hot suds through and through the clothes. We use a pure neutral soap which contains no harmful ingredients and on account of the large quantity of water used, we are able to soften our water by a thoroughly scientific method. It is impossible to do that at home. Soap will not cleanse until the water is soft. That is why the average housewife or wash woman resorts to harsh soap or corrosive washing powders in order to cut the dirt from the clothing. The fact that this hardens and reddens the skin of the hands indicates its ruinous action on your fine clothing. The home method further involves the muscular effort of forcing your clothes by friction against an iron washboard. This is but a step from the old method of beating with stones, and is as crude as our method is scientific.

The whipping of clothes on the line by the wind frays the edges, strains and often tears where the pins hold the garment. This is entirely eliminated by modern Power Laundries like ours. Watch for ad No. 3.

IN BLOOD DISEASES

Like Scrofula, Eczema, and Many Skin Troubles,

As well as a general Spring medicine for catarrh, rheumatism, dyspepsia, Hood's Sarsaparilla is of great value to men, women, children.

It does its thorough work in these well-defined diseases by cleansing the blood, on the pure, healthy condition of which depend the vigor and tone of the whole system.

Hood's Sarsaparilla is equally successful in the treatment of troubles that are not so well defined—cases of a low or run-down condition or general debility, loss of appetite and that tired feeling, or cases in which we see now very plainly after-effects of the worry and anxiety caused by the world war and the debility following the grip, influenza and fevers. In all such ailments it has accomplished a wonderful amount of good.

Hood's Pills help as a stomach-toning, digestive cathartic.

Basket Ball

Friday evening, both the first and second basketball teams of the High School went to Bethel where they played with Gould's Academy. Gould's proved to have the better teams and won both games with ease. Bryant and R. Bartlett of Gould's played a strong, heady game and Lapham of Woodstock secured two baskets from difficult angles. South Paris Badly Defeated, 38-6.

The basketball team of South Paris High school boys, augmented by the services of Sumner Davis, former captain of baseball at Bates College and football and track star there, was most decisively defeated by the local high school team here Saturday evening. Coming here fresh from a victory over Mexico High, the visitors anticipated no trouble in winning another game. However, after the first few minutes of play, it was clearly evident that the visitors were no match for the home team, who soon had a safe lead. Paris was outclassed in every department of the game, but, nevertheless, fought hard and made the game interesting. Woodstock's team work was clever and at times her passing was bewildering to the visitors. The score:

Who ever supposed Larry Carroll and Steve Jellerson would pay a town tax? They did and it was in excess of six hundred dollars and nobody asked them to do it either. By agreement, they were exempt from tax by rate of town but they chose to help in the burden of local taxation.

It is apparent the Norway School Committee wants more money than a year ago. An increase of some fourteen hundred dollars. Last year's budget was $12,350.00 and this year $13,750.00 is asked. Bridgton proposed to get by the coming year with $12,000.00

The friends in Maine of Judge Morrill N. Packard of Baltimore, Md., will be disappointed to learn that he is still under treatment in the hospital. It was expected that he would have been so far recovered as to be discharged about New Year's. He was at home for a short time though, but it was found necessary for further hospital treatment at another institution. The change has been beneficial and he is believed to be slowly improving. Lt. Stuart M. Terrien, his step-son, now in Government aerial service in Hampton Roads, Va., has a fine position and the prospects of a brilliant career before him. He has several times flown to New York and back without accident, and hopes to get orders to cross the Atlantic during the summer. He has one of the best airships in the service and one of the finest crews under his command.

Judge Whitman has recently received from Frank T. True of Council Bluffs, Iowa, two fine photographs of him and Mrs. True for the new Norway history. In Frank's photo, one is struck with the resemblance to his grandfather, good old Doctor Asa Danforth. Frank T. True is one of the splendid young men of Norway, who is having great success in business away from the old town.

The Brother Knights of Lake Temple will serve a supper to its members next Tuesday, March 4, at 6:45. There will also be an entertainment.

Are you on the Warrant Committee? It makes little difference whether you are named on the committee or not, you have a right to attend and take part in its deliberation? The Committee meet at the Municipal Court room, Friday, Feb. 28 at 2 o'clock. Those whose names appear in the report as members of this committee who fail to appear will be fined a reasonable amount for neglect of duty.

Overheard on the street: "Your Norway report isn't correct. $3,500.00 of liabilities are omitted and instead of balance in favor of the town it is the other way to the tune of about $4,000.00. Wonder how it happened?"

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONYHAN, Mitchell, Ind.

Norway Grange

The members of Norway Grange met in all day session with the patrons of West Paris grange at their hall, Saturday, Feb. 22nd. A goodly number of around fifty made up the delegation from Norway, traveling by autos, teams and rail.

Meeting was called to order at 10.45 by W. M. Grover and after routine business, the 3rd and 4th degrees were conferred on six candidates.

At 12.30 dinner was announced and all cheerfully partook of a bountiful repast as Grange cooks best know how to prepare part. After a pleasant social hour a carefully prepared program was presented which all thoroughly enjoyed. Meeting closed in form at 3.30 and all declared it a very pleasant time.

The next regular meeting of Norway Grange will be held Saturday, March 8th at 1.30 p. m.

Bridgton reverses the usual order of town meeting. They choose a moderator and then proceed to the business part of the meeting and act on 37 articles before the election of officers. We presume they like this way. It certainly has its advantages. For several years, Bridgton has had a "continuous" board of selectmen, electing one each year for three years. They like it and would not change back to one year term of office. This also has its advantages. Their estimate committee recommend the raising of $32,469.00 for the coming year's expenses.

Hugh Foster came home Sunday with his team from South Paris. He is going to get in ice and haul wood this week.

The town warrant counts up with 46 articles, nearly all of which have this feature, a call for raising money. The annual report now in the hands of the printer shows a balance in favor of the town above last year's account, of some four hundred dollars. Two of the articles make provision, if passed, for a memorial to the soldiers of Woodstock and for the celebration of their return from the front.

Mrs. Narcissa Potter

Mrs. Narcissa Potter, an old and much respected lady of our town, passed away Sunday evening at the home of her daughter, Mrs. Martha Dudley on Dudley Hill. She was taken ill early in the week with symptoms of bronchial pneumonia and a nurse was summoned. She was born in Woodstock 76 years ago, the daughter of Columbus and Clementine (Nutting) Perham. She married Benjamin Kimball, a native of New Hampshire, who died in 1882. Later, in 1890, she married Dennis M. Potter of Washburn, a Civil War veteran, now deceased. For a number of years she has resided with her daughter, Mrs. Dudley. One other child survives, Columbus P. Kimball of Berlin, N. H. Two sisters also survive.

He was a member of the old 31st Maine Regiment and entered the service when very young. He was the son of Henry H. and Abigail (Cole) Packard, and a great grandson of Daniel Packard, the Revolutionary soldier.

HEALTHY BOWELS

Nine-tenths of human sickness, from infancy to old age, comes from stomach or bowels being out of order.

Headaches, tired feeling, nervous depression, weakness, spots before the eyes, bad breath, sleeplessness, irritability, dizziness and many other signs of sickness stop, if you treat the stomach and bowels right and get them into working order.

The prescription, known as Dr. True's Elixir, has done wonders for sick people, men, women and children, because it is the one remedy that you can rely on to set things right in the stomach and bowels.

Sold by all druggists, big or little, everywhere. Druggists, as a rule, are very honest. They do not try to substitute something else for Dr. True's Elixir, because they know its value. Many druggists use it in their own families.

FEEDING THE COMPLEXION

A clear, rosy complexion cannot exist unless the skin is healthy and smooth. Oil of almonds has long been recognized as one of the most perfect agents for softening the skin and feeding the underlying tissues.

Our Almond Cream

is essentially a skin food and tissue builder. It is absorbed by the pores, removes the impurities, quickens the circulation of the blood in the external tissues, rounds out the muscles and makes the skin fresh and fair.

Daisy Baker's Mother Says

You'll save money and you'll actually save flour by using WILLIAM TELL, because you'll have "better luck" and less waste, and your bread will have that superior flavor that only WILLIAM TELL can give.

Things don't go wrong with WILLIAM TELL and that means a big saving in itself. Besides, it goes further and that means more saving.

Taking everything into consideration, I have found that WILLIAM TELL is the only flour for me to use.

Ask your grocer for WILLIAM TELL—the flour that goes further and bakes better.
